THE first term of this College will com-mence on MONDAY, Feb. 18, in the large and spacious room in Cooper's block, on Cherry street, five doors above Deaderick. The course of instruction to this institution will embrace Book-Keeping, Commercial Law, Commercial Arithmetic

and Penmanship.

No pupil will receive a diploma until he is thoroughly qualified to discharge the duties of the accountant.

Students will be instructed in all the moder a improved forms adopted by the best regulated houses in the country, among others one which dispenses with the use of the Journal, greatly lessening the amount of labor and liability to err, and another which renders the use of the Cush book and Journal superfluous, and enables the book-keeper to post his personal accounts daily, and his mer-thandise and cash as often as may suit his convenience. This latter form is more particularly designed for the use

This latter form is more particularly designed for the use of setail establishments.

They will be taught a simple process by which the merchant may at all times ascertain the amount of his loss or gain, together with the quantity of goods on hand, without resorting to the tedious process of taking an inventory.

This institution will be recovered, and have been established to the tedious processor and has been established. This institution will be permanent, and has been estab-lished to meet the already important and growing com-mercial interests of the city of Nashville and State of Tennessee, and it is designed to place it upon a basis inferior to none in this country.

The importance, to every business man, of a knowledge

of accounts, must be sufficiently obvious to all reflecting of accounts, must be sunctionally obvious to all reaccing minds.

To the man of wealth, it is important to enable him to manage his affairs scientifically, and without pecuniary ioss and the Lawyer is often called upon, in the discharge of has professional duties, to unravel the most intricate accounts, but to the young man who depends upon his own resources for a livelihood, it is invaluable. It gives him a

position which nothing else can.

He holds the post of confidential clerk in his employers, In connection with this establishment is a department for the benefit of those who wish to take lessons in writing oniy, where an elegent hand writing will be imparted to all who place themselves under the care of the precaptor. Pupils entering this institution are not limited to any number of lessons, but for a specified price may continue any branch they pursue until they are perfected, retaining the privilege of reviewing their lessons at any subsequence period, free of charge.

Nasaville, June 28, 1858.

Col. L. P. Chrathan—Dear Sie—I have been using the Reaping and Mowing Machine patened by Maney of Illinois, which you are offering to the citizens of Tennessee. It is a first rate labor saving Machine. It works nearly and

rapidly. The amount cut per day will depend principally upon the speed of the team. If the team can travel four miles per hour it will rea or mow 15 acres in 10 hours. It
